Date	Zone ID
Crop type	Technician

TARGET RANGES

pH target	EC target (mS/cm)
Temperature target	

READINGS

Time 1	pH / EC / Temp 1
Time 2	pH / EC / Temp 2
Time 3	pH / EC / Temp 3
Time 4	pH / EC / Temp 4
Time 5	pH / EC / Temp 5
Time 6	pH / EC / Temp 6

Actions taken / observations

CALIBRATION

pH meter date	EC meter date
Thermometer date	Completed by

UAE Hydroponics - Internal operational form

Page 1

Five practical records

Daily system check
pH / EC / temperature
Harvest and yield
Pest scouting
Seeding and germination

Supporting material

Implementation guide, form
summary and reference pages.

Choose your format

Home PDFs are simplified
versions. HTML and PDF layouts
and field coverage differ.

View package

Home HTML and PDF versions have different field coverage. This sample is the actual simplified PDF layout.

Market Grower

AED 399**19 HTML templates + 19 fillable PDFs**

Records for small commercial growers managing crops, water, supplies and daily work.
